A Memorandum.

Toledo, Lamson Bros. and the Exposition are three places to visit next week. Make a note of it and see all there is to be seen. Make out your memorandum for Dry Goods. Lamson Bros. will do better for you than the so called special sales. They have only one price and the largest line of goods to select from. Be sure and see them.

Ready for Fall and Winter.

The JOURNAL man stepped into the dry goods establishment of A. Williams and enquired of the proprietor what he thought of the prospects of trade during the fall and winter. For answer our attention was directed to the immense line of new goods which were being placed on the shelves, piled up in the corners and stowed away wherever a particle of vacant space could be found. Mr. Fuller on his recent trip to Philadelphia and New York made large and judicious purchases.

A few of the specialties purchased are a full line of cloaks, dress goods in every conceivable pattern and price, hosiery and underwear. In muslins, bleached and brown, they have an immense line.

In Gents' goods, their line of Gents' furnishings, shirts, neckwear, handkerchiefs, underwear, and hats, is as large, varied and well selected as can be found in any of the city stores, and at prices much lower.

The clothing department is filled with an immense stock of the very best goods. An elegant suit or overcoat can be secured for much less money than the same goods can be purchased in the city and the people of Wood county should look to their own interests by purchasing in Perrysburg and of A. Williams. No better goods, no more reasonable prices, and no more courteous treatment will be found in any other locality.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease of life. Only 50c. a bottle, at A. R. Champney's Drug Store."

A Rare Chance to Secure an Established Business. For Sale: In a small country village with a wealthy farming community around it an excellent brick store 32x40 feet, with two floors and a basement, a lot of one acre, and a stock of general merchandise valued at \$3,000 at cost. It is the leading store in the village, and its sales have ranged from \$13,000 to \$15,000 a year, and has possibilities for doing a much larger trade.

This excellent property has passed into the ownership of a non-resident capitalist who cannot give it his personal attention: I am therefore instructed to sell this property on such terms of down payment, and of time in which to meet deferred payments as may be desired by any prospective purchaser; with the proviso that such party can give valid security with interest at the rate of 6 per cent. per annum. The conditions are such as may readily enable any enterprising business man, to meet the deferred payments from the profits of the business.

There is also a brick and tile factory with engine and boiler of 30 horse power, a McKenzie brick and tile machine, a brick kiln that will burn 35,000 brick at one burning and all the plant for conducting the business, with three acres of land, located on a creek, and the Wabash railway one and one-quarter miles distant. These two pieces of desirable property may be either sold together, or separately as may be desired. But little money will be required from parties of the right stamp to work and push the business.

For particulars address N. H. Callard, Perrysburg, Wood Co. O.
